- **Give NCs & event organisers something practical and of value to them**
- **Continue to build relationships and reinforce the NC & event organisers network**
- **Inspire, Enthuse, Energise all participants**

# A little bit of history

The ninth year in a row, European Robotics Week turned out to be an amazing success. ERW was conceived by the European Robotics community to bring robotics research and development closer to the public and to build the future Robotics Society. More than 550,000 people across Europe have engaged with ERW since its launch in 2011.

# An inspiring concept

**ERW ...**

Inspires pupils  
and students to  
pursue careers
