A lot of comments were also given as qualitative feedback. Many are very dear to my heart. Here are just some examples:

*“ERF is THE place to network with the top figures in European Robotics. I get to see friends I haven't seen for a year, make new contacts, and discuss new project ideas.”*

*“The passion of the organizers was contagious. Very warm hospitality and attention to ensure everyone was good”*

Also feedback like “less emails from Morten” and “less rain” are appreciated. Especially because I can GUARANTEE both for ERF2024, March 13th – 15th 2024, in the beautiful city of Rimini. I hope

to see you there! 😊

Thank you for all your feedback – I have read it all, and passed it on to euRobotics, to make ERF even better in the future. ❤️

Best,

Morten
